

DISPOSABLE COVER FOR A PILLOW SPEAKER OR THE LIKE

Abstract of the Disclosure

A disposable cover (10) covers the body (14) of a patient bed hand control box (12) such that a cord (16) of the patient bed hand control box (12) may pass through the cover (10). The cover (10) comprises a first panel (24) secured along side and bottom edges to a second panel (34). In one embodiment, the panels (24, 32) are different sizes, the larger panel (32) having a flap portion (44) which may be separated into two ears (50) by tearing along a perforated line (46). The ears (50) are secured to the outer surface (25) of the other panel (24) so as to cover an upper opening (42) of the disposable cover (10).
